

Sound Effects Needed

1. Start Set / Start Workout

Reference: Sports whistle **Purpose:** Immediate attention, clean “go” signal

Requirements

- Duration: **0.5–1.0 seconds**
 - Sharp attack, no tail
 - Should cut through ambient noise
 - Not shrill or painful at volume
-

2. Rep Pulse (Standard)

Reference: Subtle click / beep / short tone **Purpose:** Rhythm cue for each repetition

Requirements

- Duration: **50–150 ms**
 - Neutral, unobtrusive
 - Must not become fatiguing over many reps
 - Clear transient, minimal harmonic complexity
-

3. Rep Pulse (Last Rep – Urgent)

Reference: Faster, brighter version of standard pulse **Purpose:** Signals final rep without user looking at screen

Requirements

- Same base sound family as standard rep pulse
 - Slightly higher pitch and/or louder
 - Clearly distinguishable from normal pulse
 - Duration: **≤200 ms**
-

4. End of Set

Reference: Boxing bell ring **Purpose:** Clear closure of a set, momentary relief

Requirements

- Duration: **1.0–2.5 seconds**
- Strong initial strike
- Short decay (no long reverb tails)
- Should feel definitive, not celebratory

5. End of Workout

Reference: Victory / achievement fanfare **Purpose:** Emotional reward for completing workout

Requirements

- Duration: **2–4 seconds**
- Trumpet or brass-based fanfare preferred
- Major key, triumphant but not cheesy
- Clean ending (no fade-out)

Technical Requirements

- Format: **WAV**
- Sample Rate: **48 kHz**
- Bit Depth: **16-bit or 24-bit**
- Loudness: Normalized for mobile playback
- Deliver **dry mixes** (minimal or no reverb)

Optional but preferred:

- Slightly quieter alternative mix for each sound
- Stems or project files (if applicable)

Style & Constraints

- Designed for **mobile phone speakers**
- Must remain intelligible outdoors and during movement
- No copyrighted melodies or recognizable audio samples
- No novelty or cartoon effects

Think **fitness / game UI**, not film or EDM.
